We woke up early and

Page 39/54

excited. It is June 1st
and we have been on the
road since May 15th. In
the back of our minds
always lurks “Oh God!
What have we done”.
All our hopes and fears
of “someday” are here.
Our house is sold; all
the money we have is
with us. Everything that
is left is in the truck and
trailer. The only
direction we can go

from here is up, and we have never been happier. After my quite reflection of the past, I realize that today we will see our new, if temporary home. Jo Jurgeliet has found us a place to rent. It's an A-frame about 20'x24'. It was high up at mile 8.5 out of town. No need to worry about the utilities; there weren't any to

speak of. A propane
bottle ran the stove,
refrigerator and water

heater. A fuel oil stove
kept it warm, and

running water was a
series of hoses going up

the mountain behind the
place and it was gravity

flow from a stream up
there. There was no

electricity or phone. I

finally decided that what
didn't kill me would

make me stronger and it did. We were an awful sight that morning.

After some coffee and cereal we are headed “home”. We are headed west from Whitehorse, Yukon to Haines Junction. It is 100 miles and the Milepost told us there are no gas stations in that stretch so we make sure the tank is full. It took about 3

hours. It was so quite
you could imagine what
it was like 100 years
ago. I think we were all
reflecting on what the
day would bring. I am
sure our poor cat “Kitty
Poo” had decided he
was going to spend the
rest of his life in the
back of the pickup
truck. We had never
seen an extended cab in
1974 and with 4 of us in

Download Free 12 Hp Briggs

that front seat there was
no room for the cat. In
all our travels in Alaska
I have never seen a
place more naturally
beautiful that that
stretch from Haines
Junction going into
Haines. The only thing
that compares to it is
topping Baycrest Hill
going into Homer, so
keep reading. Our jobs
and fits of exploring

Download Free 12 Hp Briggs

took us from Juneau,
Haines, Homer, Kodiak,
the Aleutian Islands to
Fairbanks, and south to
Valdez and many other
places in between so
believe me this is
spectacular. The first
major body of water is
Kathleen Lake. There
are mountains of the St.
Elias and Wrangell
ranges, all snow covered
and glowing in the sun.

There appears to be a lot of places set aside for camping. About 15 miles south there is Dezadeash Lake and the Dezadeash Mountain Range. Over the years the lodge and the German family running it were important to us. Katie and Heinz ran the lodge, bar, gas station and garage with only a generator for power and

the food could put many
4 Star restaurants to
shame. The road in front
of us looks like a long,
winding snake. On this
June 1st. there are still
walls of snow on both
sides of the road. I insist
we stop so I can take
some pictures and I am
glad we did. In all the
years and many more
trips since I have never
seen the walls of snow

and ice we saw that day.

The wind is howling
and we are climbing.

That poor truck is
struggling with the load.

On we went and finally
made the summit of
Chilkat Pass, over 6,000
feet; the highest on the
road. The wind blows
constantly and it did not
take long to figure out
the 12' poles along the
road were markers so

you travel along toward
