Chevrolet wanted the Camaro to be better than the Mustang in every area, including style, ride-quality, and performance.

About 700,000 Camaros were built from 1967 to 1969. The first-generation Camaro has won a die-hard following and has become an iconic performance

car. Camaros in excellent condition command very high prices, so many owners are compelled to perform a professional-grade original restoration. Since these cars are about 40 years old, many cars need second or third restorations,

and as time goes by, these cars will continue to appreciate and require restoration.

That's where How to Restore Your Camaro

1967-1969 comes in. While some owners can afford to pay shops to perform a 100-point

owners want to  
perform a faithful,
