The Arizona Department of Transportation Motor Vehicle Division (ADOT MVD) is pleased to provide this guide to Arizona traffic laws and information for obtaining a driver license or identification card. This manual also provides essential safety information for both new and experienced Arizona drivers. ADOT MVD delivers services to millions of Arizona motorists each year. In line with the Division's vision of getting Arizona "out of the line and safely on the road" we are continuously improving processes to provide swift and efficient service. In addition to coming into an office, ADOT MVD offers alternative methods for Arizonans to access services. For example, through ServiceArizona.com, customers are able to complete more than 20 motor vehicle transactions, such as renewing your vehicle registration, requesting a replacement driver license, updating your address, and purchasing a personalized or specialty license plate. We also encourage Arizona drivers to take advantage of the more than 160 privately operated Authorized Third Party locations to serve you across the state. Several of these locations offer both Title and Registration and driver license transactions!

This edition of Importing Into the United States contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. Importing Into the United States provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.
