Boone, Kurtz, and Berston's, Contemporary Business, 17th Edition, delivers solutions at the speed of business to stimulate curiosity, show relevance, promote creativity, and prepare students for what's ahead in their academic and business careers. With thoroughly revised cases, fresh, current examples, and an updated video series, the 17th Edition provides insights into the many facets of business that contribute to the dynamic, ever changing world of work.

Oh baby! With the average newborn racking up \$6000 for the first year alone, expectant moms and dads need all the creative cost-cutting ideas they can find. Baby Bargains is the answer. Inside, parents find detailed ratings and reviews of baby gear, plus handy charts that compare brands and models.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State--and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years--it has been suggested that an account of my life and fortunes would not be uninteresting to the public." --an excerpt

Consumer Behaviour: A European Perspective 6th Edition by Michael R. Solomon, Gary J. Bamossy, Seren T. Askegaard and Margaret K. Hogg Now in its sixth edition, Consumer Behaviour: A European Perspective provides a fully comprehensive, lively and engaging introduction to the behaviour of consumers in Europe and around the world. This text offers a cutting-edge overview of consumer behaviour and is ideal for second and third year undergraduates as well as master's students. The book links consumer behaviour theory with the real-life problems faced by practitioners in many ways: Marketing opportunity, Marketing pitfalls and Multicultural dimensions boxes throughout the text illustrate the impact consumer behaviour has on marketing activities. Consumer behaviour as I see it boxes feature marketing professionals talking about the relevance of consumer behaviour issues to their everyday work. Brand new Case studies about European companies and topics give deep insights into the world of consumer behaviour. New coverage of sustainable consumption, emerging technologies, social media and online behaviour is woven throughout this edition. Online materials including multiple-choice questions and links to useful websites are available on the book's website at [www.pearsoned.co.uk/solomon](#) About the authors Michael R. Solomon, Ph.D., joined the Haub School of Business at Saint Joseph's University in Philadelphia as Professor of Marketing in 2006, where he also serves as Director of the Center for Consumer Research. He is also Professor of Consumer Behaviour at the Manchester Business School, The University of Manchester. In addition to this book, he is also the co-author of the widely used textbook, Marketing: Real People, Real Decisions. Gary J. Bamossy, Ph.D., is Clinical Professor of Marketing at the McDonough School of Business, Georgetown University, in Washington D.C. Seren Askegaard, Ph.D., is Professor of Marketing at the University of Southern Denmark, Odense. Margaret K. Hogg, Ph.D., is Professor of Consumer Behaviour and Marketing in the Department of Marketing at Lancaster University Management School.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

This book examines one of the most contested issues facing feminists, human rights activists and governments around the globe - the international sex trade. For decades, the liberal left has been conflicted as to whether pro-prostitution activists or abolitionists hold the correct view, and debates are ongoing as to who holds the key to the solutions facing the women and girls involved. Over the course of two years, Bindel conducted 250 interviews in almost 40 countries, cities and states, traveling around Europe, Asia, North America, Australia, New Zealand, and East and South Africa. Visiting legal brothels all around the world, Bindel got to know pimps, pornographers, survivors of the sex trade, and the women being sold by men classed as 'business entrepreneurs'. Whilst meeting feminist abolitionists, pro-prostitution campaigners, police and government officials, and the men who drive the demand, Bindel uncovered the lies, mythology and criminal activity that shroud this global trade, and suggests here a way forward for the women seeking to abolish the oldest oppression. Informed by the lived human experience of those interviewed, this book will be of great interest to feminists, students, criminal justice advocates, criminologists and human rights activists.

This reference, now in its second edition, is a comprehensive guide that focuses on the practical aspects of excavating and recovering human remains, as well as any associated evidence, from crime scenes. It highlights the protocols and techniques that are used to successfully survey, map, recover, document, collect, and transport evidence. New additions to the reference include discussion questions and suggested readings, updated mapping and measuring techniques, including a section on GIS and backpack differential GPS systems, expanded information on botany, DNA, and soil, and non-forensic burial contexts. Almost 200 illustrations are included to help clarify concepts.

From the tragic young Adonis to Zašhupuna, first among goddesses, this handbook provides the most complete information available on deities from the cultures and religions of the ancient Near East, including Anatolia, Syria, Israel, Sumer, Babylonia, Assyria, and Elam. The result of nearly fifteen years of research, this handbook is more expansive and covers a wider range of sources and civilizations than any previous reference works on the topic. Arranged alphabetically, the entries range from multiple pages of information to a single line--sometimes all that we know about a given deity. Where possible, each record discusses the deity's symbolism and imagery, connecting it to the myths, rituals, and festivals described in ancient sources. Many of the entries are accompanied by illustrations that aid in understanding the iconography, and they all include references to texts in which the god or goddess is mentioned. Appropriate for both trained scholars and nonacademic readers, this book collects centuries of Near Eastern mythology into one volume. It will be an especially valuable resource for anyone interested in Assyriology, ancient religion, and the ancient Near East.

REALITY BITES Talk radio host and werewolf Kitty Norville has agreed to appear on TV's first all-supernatural reality show. She's expecting cheesy competitions and manufactured drama starring shapeshifters, vampires, and psychics. But what begins as a publicity stunt will turn into a fight for her life. The cast members, including Kitty, arrive at the remote mountain lodge where the show is set. As soon as filming starts, violence erupts and Kitty suspects that the show is a cover for a nefarious plot. Then the cameras stop rolling, cast members start dying, and Kitty realizes she and her monster housemates are ironically the ultimate prize in a very different game. Stranded with no power, no phones, and no way to know who can be trusted, she must find a way to defeat the evil closing in . . . before it kills them all.
