Blending together personal stories, anecdotes, and client readings, the star of TLC's "Long Island Medium" shares her world and her gift of communicating with those who have crossed over to the other side.

For fans of TLC ’ s Long Island Medium and anyone interested in the big questions of life, death, and finding out what ’ s important in between, New York Times bestselling author and medium Theresa Caputo shares how she discovered her gift and her many encounters with Spirit. Beloved medium Theresa Caputo, star of the hit television show Long Island Medium, opens the door to her world and invites you to experience her exceptional gift of communicating with those who ’ ve crossed over to the Other Side. The always funny, frank, and down-to-earth medium—whether she ’ s talking to her family, the local butcher, or the souls of those who ’ ve passed on—began communicating with Spirit at the age of four, but didn ’ t fully accept her gift until she was thirty-three years old. She had a good life as a busy wife and working mom, but also suffered from chronic anxiety that, as it turned out, came from ignoring her abilities. Once Theresa began channeling, she realized that she felt much better after delivering a message from Spirit and releasing that energy. Since then she ’ s used her extraordinary gift to help people heal from the loss of their loved ones. Theresa feels that it ’ s her purpose to make us all aware that there is more to life than what we see here in the physical world. She wants you to know that your deceased loved ones are safe and at peace, and that they ’ re now with you in a different way—watching over you, loving you, and assisting you from the Other Side. She also wants you to realize that the unexplainable things you sense and feel from these souls are real, and that it ’ s healthy and essential to acknowledge them. There ’ s More to Life Than This lends insight on how Theresa ’ s mediumship works, what happens to your soul when you die, what Spirit says Heaven is like, what the deceased want you to know, the importance of living a positive life, and the many roles that your family, friends, angels, guides, souls of faith, and God play here and in the afterlife. It also explores how to safely connect with Spirit, so that you can recognize when your loved ones are reaching out. Through Theresa ’ s personal story, compelling anecdotes, and fascinating client readings, she teaches us about how she communicates with Spirit and helps us to understand and appreciate the important lessons and touching messages that we ’ re meant to embrace every day.

In almost every reading she gives, Spirit insists that people begin to embrace their lives again. Easily said, but not everyone knows where to begin, and putting back together the pieces of a life marked by loss is never easy. Sometimes you need spiritual guidance--that's where Theresa comes in"--Amazon.com.

Theresa Caputo, TLC's Long Island Medium and the three-time New York Times bestselling author, teaches us how to ritualize and recover from the daily losses in our lives. Life on earth comes with losses that often go unrecognized, unacknowledged, and un-mourned. This invisible pain causes deeper emotional damage—devastation that Theresa Caputo has witnessed in many of her clients. Though they are suffering, they rarely understand where the anguish is coming from—or how to deal with it. Theresa's clients often confuse their emotional distress with depression or anxiety. But it's more than that. It's grief, deep and profound, and it consumes the soul. The only relief, according to Theresa's special gift she calls Spirit, is to pay more attention to how we experience, ritualize, and recover from the hurt in our lives. Once we name these feelings of grief, recognize the losses for what they are, and create mourning rituals around them, we can move through the pain and begin to heal. It isn't just a good idea to mourn these types of upsets; it's essential, so that we can then enjoy a fresh beginning. In *Good Mourning*, Theresa opens up more than ever before, and with the help of Spirit, helps us manage daily losses to ultimately lead more fulfilling and joyful lives.

The host of "Long Island Medium" relates the wisdom she has gleaned from spirit and client readings, sharing insights into spiritual concepts and everyday challenges.

At one time or another, many of us have had a 'gut feeling,' 'butterflies in the stomach,' or felt that someone was watching us. That's our intuition. America's top psychic medium reflects on his life of speaking to Spirit and the lessons he's learned along the way—from both the living and the dead. People who are not in the habit of talking with the dead have a hard time imagining what Matt Fraser's life is like. Based on the questions he gets, they seem to think he spends most of his time sitting cross-legged in a trance, maybe hovering a few inches off the ground, leaving his physical body behind as he journeys across the veil to the spirit realm. But it's not like that at all. The real Matt Fraser is just an ordinary twenty-eight-year-old guy...who happens to talk to dead people. Born into a psychic family, Matt carries on the legacy passed down from his late Grandmother Mary by connecting people to their dearly departed loved ones and delivering messages from the other side. His sold-out live group readings, television appearances, and popular private readings have allowed him to bring hope and healing to fans from around the world. Now, in *When Heaven Calls*, Matt opens up about his life as a psychic medium—including how he discovered his spiritual gift, what it's like to connect with souls on the other side, what communicating with the dead has taught him about embracing life, and how you can tap into your own intuitive awareness to manifest your dreams, goals, and desires.
