I bought this at the request of my 14-year-old daughter, who originally purchased and read Dealing with Dragons: Enchanted Forest Chronicles, Book 1 four years ago, and had worn out the entire series with subsequent re-readings. She is a voluble kid, and lets us know when she enjoys something -- and when she thinks something is crap.

TextBook Searching For Dragons The Enchanted Forest ...

Calling on Dragons. It is a fun frolic through a fantasy world of dragons and myths, where the old lore and magic are the norm. They thread other stories through this one - like the sword in the stone and Jack and the bean stalk. This one is the third of the series. I enjoyed the other three more, but this was good.

Now the wife of King Mendanbar and queen of the Enchanted Forest, Cimorene turns to Morwen, Telemain, and Kazul for help when troublesome wizards begin once again to invade the forest and soak up its special magic.

Bored with traditional palace life, Princess Cimorene travels to the Mountains of Morning where she is befriended by a group of powerful dragons and joins in their struggle to protect their kingdom from being taken over by disreputable wizards.

After many years of hiding, Queen Cimorene sends her sixteen-year-old son, Daystar, into the Enchanted Forest with the kingdom's sword to once again stop the evil wizards' magic.

Princess Cimorene enlists the help of Mendanbar, King of the Enchanted Forest, to join her quest to save the kidnapped king of the dragons Kazul.

Two young Regency ladies with special powers must save the monarchy: "A satisfying blend of magic, mystery, humor, and romance" (Booklist). Ocean voyages do not agree with wizards, and seasickness during the Channel crossing is the price Cecelia must pay for her budding magical skill. As her nausea ebbs, she is comforted by her new husband, James, and the knowledge that at long last they are on their honeymoon. In their company is Cecelia's cousin Kate, newly minted as the Marchioness of Schofield, and her husband, Thomas. The shared journey guarantees the two couples a happy start to married life, if they can survive the perils of the Continent. In Calais, a mysterious woman visits Cecelia with a package intended for Thomas's mother. Inside is an alabaster flask of noble manufacture, one of the royal artifacts that have been vanishing all over Europe as part of a magical plot against the French crown. This is no simple honeymoon: On their tour of Europe, Kate and Cecelia must save the monarchy from an emperor-in-exile named Napoleon. This ebook features illustrated biographies of Patricia C. Wrede and Caroline Stevermer including rare photos and never-before-seen documents from the authors' personal collections.

Collected together for the first time in a digital format are Patricia C. Wrede's hilarious adventure stories about Cimorene, the princess who refuses to be proper. Every one of Cimorene's adventures is included—Dealing with Dragons, Searching for Dragons, Calling on Dragons, and Talking to Dragons—in a single ebook.

For use in schools and libraries only. Queen Cimorene turns to her friends Morwen, Telemain, and Kazul for help when troublesome wizards make their way back into the Enchanted Forest and begin to soak up its magic.

Ten short stories include the tale of Queen Cimorene's Frying Pan of Doom, a yarn about a magical blue chipmunk with a passion for chestnuts, and a story about an enchanted wizard's daughter.

The humorous young adult fantasy series comes to a close as a young prince begins a heroic quest—he just doesn't know it yet. One day, Daystar's mom, Cimorene, hands him a magic sword and kicks him out of the house. Daystar doesn't know what he is supposed to do with the magic sword, but knowing Cimorene, he's sure it must involve a dragon or two! "Volume number four opens 16 years after Calling on Dragons...with King Menenbar still imprisoned in his castle by wizard's spells, and Queen Cimorene living quietly at the Forest edge, raising their son Daystar...until he's old enough to wield the magic sword and free his father...The characters and their effervescent dialogue continue to charm."—Kirkus Reviews

"There's something strange about that kid." At least that's what everyone says, but they don't know the truth. Perfect for fans of Stranger Things, this classic novel continues to enthrall. Katie Welker is used to being alone. She would rather read a book than deal with other people. Other people don't have silver eyes. Other people can't make things happen just by thinking about them! But these special powers make Katie unusual, and it's hard to make friends when you're unusual. Katie knows that she's different but she's never done anything to hurt anyone so why is everyone afraid of her? Maybe there are other kids out there who have the same silver eyes...and the same talents...and maybe they'll be willing to help her.
