Detroiters know their history well. Founded in 1701 by Antoine de la Mothe Cadillac, the city subsisted on a variety of industries: fur trading, stove building, and, of course, the automobile. Names such as Henry Ford and Charles Lindbergh resonate in Detroiters' common memory. Detroit's meteoric rise during the 20th century established the city as an influential leader in commerce, culture, and religion. This growth spawned the development of numerous businesses, organizations, and institutions, many now forgotten. Albert Kahn left his indelible mark. Mary Chase Stratton created a new art form. And Henry Ford II changed the course of his family legacy. Forgotten Detroit delves into the wellspring of history to retell some of these lesser-known stories within Detroit's rich heritage.

Packed With Hundreds Of Illustrations And Examples, The Book Presents The Most Modern Elements Of Communication & Networking Systems Of All Types Including The Most Recent Advancement In The Field Of Internetworking, Direct To Home Television System. THE NEW YORK TIMES BESTSELLER NOW A MAJOR FILM, STARRING STEVE CARELL AND BAFTA AND GOLDEN GLOBE NOMINATED TIMOTHEE CHALAMET 'It was like being in a car with the gas pedal slammed down to the floor and nothing to do but hold on and pretend to have some semblance of control. But control was something I'd lost a long time ago.' Nic Sheff was drunk for the first time at age 11. In the years that followed, he would regularly smoke pot, do cocaine and ecstasy, and develop addictions to crystal meth and heroin. Even so, he felt like he would always be able to quit and put his life together whenever he needed to. It took a violent relapse one summer to convince him otherwise. In a voice that is raw and honest, Nic spares no detail in telling us the compelling true story of his relapse and the road to recovery. He paints an extraordinary picture for us of a person at odds with his past, with his family, with his substances, and with himself. Tweak is a raw, harrowing, and ultimately hopeful tale of the road from relapse to recovery and complements his father's parallel memoir, Beautiful Boy. Praise for Nic Sheff:- 'Difficult to read and impossible to put down.' Chicago Tribune 'Nic Sheff's wrenching tale is told with electrifying honesty and insight.' Armistead Maupin

The basis of Arnold's high reputation as literary critic

In the traditional of great literary manifestos, Norton is proud to present this powerful work by Adrienne Rich. With passion, critical questioning, and humor, Adrienne Rich suggests how poetry has actually been lived in the world, past and present. In this essay, which was the basis for her speech upon accepting the National Book Foundation's Medal for Distinguished Contribution to American Letters, she ranges among themes including poetry's disparagement as "either immoral or

unprofitable," the politics of translation, how poetry enters into extreme situations, different poeties as conversations across place and time. In its openness to many voices, Poetry and Commitment offers a perspective on poetry in an ever more divided and violent world. "I hope never to idealize poetry—it has suffered enough from that. Poetry is not a healing lotion, an emotional massage, a kind of linguistic aromatherapy. Neither is it a blueprint, nor an instruction manual, nor a billboard."

A visionary game designer reveals how we can harness the power of games to boost global happiness. With 174 million gamers in the United States alone, we now live in a world where every generation will be a gamer generation. But why, Jane McGonigal asks, should games be used for escapist entertainment alone? In this groundbreaking book, she shows how we can leverage the power of games to fix what is wrong with the real world—from social problems like depression and obesity to global issues like poverty and climate change—and introduces us to cutting-edge games that are already changing the business, education, and nonprofit worlds. Written for gamers and non-gamers alike, Reality Is Broken shows that the future will belong to those who can understand, design, and play games. Jane McGonigal is also the author of SuperBetter: A Revolutionary Approach to Getting Stronger, Happier, Braver and More Resilient.
