The De Soto range were created to offer a mid priced car to compete with the likes of Nash and oldsmobile whilst keeping the quality of the Chrysler cars but not tarnishing the brand. Styling and general design of the 1928 and 1929 De Soto were in line with Chrysler. Evidence of that can be seen in the 1928 De Soto advertisement - "DeSoto Six product of Chrysler engineering and manufacturing ...

In between DeSoto's introduction in 1928 and its demise in 1961 would come 32 years of wonderful styling, bright colors, and power to spare. DeSotos were billed as "a lot of car for the money" and sales proved it. DeSoto was purely an American effort. One look at the graceful flying lady mascot on the hood of a DeSoto S-11 is all it takes to see that it was a different era - a time in American automotive history that is forever gone. Revisit this era in a concise history of this magnificent marque - illustrated with colorful pictures, period advertising, artist renderings and contemporary black and white factory photos that show the fine details of these beautiful cars.

Everything from in-depth build-ups to the latest in fuel injection adaptations! Ceridono masterfully details street, race, marine, blown and naturally aspirated engines for Chrysler, Dodge, and DeSoto. Contains complete identification and specifications for all models, plus Polyspheres, the new 426 crate motors, and conversions.
