Get where you need to be with CORNERSTONES OF FINANCIAL ACCOUNTING. Cornerstones delivers a truly unique learning system that is integrated through the entire introductory managerial accounting journey – ensuring students will leave the course with the knowledge they need to be future business leaders. Students are guided through: Building A Strong Foundation: Students need to build a strong foundation of the fundamentals before they can move forward in this course. The unique Cornerstones approach gets them through the fundamentals FASTER so that they can transition to analyzing and applying concepts. Understanding Relationships: Rather than focusing on concepts in isolation, students should understand accounting as a system and recognize how the end result changes based on how the numbers affect each other. CORNERSTONES aids students in this step as an important part in training them to be good decision makers. Making Decisions: Armed with the knowledge they have gained from working through the other aspects of the Cornerstones approach, students are now given the tools to bring their knowledge full-circle and practice making good business decisions. Students love this approach because it presents materials the way they learn. Instructors love it because it gets students to master the foundations more quickly and allows more time to learn and apply the analysis and decision making of accounting. Get There with Cornerstones! Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

ALERT: The Legacy WileyPLUS platform retires on July 31, 2021 which means the materials for this course will be invalid and unusable. Used and rental products may not include WileyPLUS registration cards. Financial and Managerial Accounting provides students with a clear introduction to fundamental accounting concepts beginning with the building blocks of the accounting cycle and continuing through financial statements. This product is ideal for a two-semester Financial and Managerial Accounting sequence where students spend equal time learning financial and managerial accounting concepts as well as learn the accounting cycle from a corporate perspective.

The most comprehensive and authoritative review of B-School fundamentals—from top accounting and finance professors For years, the Portable MBA series has tracked the core curricula of leading business schools to teach you the fundamentals you need to know about business—without the extreme costs of earning an MBA degree. The Portable MBA in Finance and Accounting covers all the core methods and techniques you would learn in business school, using real-life examples to deliver clear, practical guidance on finance and accounting. The new edition also includes free downloadable spreadsheets and web resources. If you're in charge of making decisions at your own or someone else's business, you need the best information and insight on modern finance and accounting practice. This reliable, information-packed resource shows you how to understand the numbers, plan and forecast for the future, and make key strategic decisions. Plus, this new edition covers the effects of Sarbanes-Oxley, applying ethical accounting standards, and offers career advice. • Completely updated with new examples, new topics, and full coverage of topical issues in finance and accounting—fifty percent new material • The most comprehensive and authoritative book in its category •

Teaches you virtually everything you'd learn about finance and accounting in today's best business schools Whether you're thinking of starting your own business or you already have and just need to brush up on finance and accounting basics, this is the only guide you need.
