The national C-section rate is at an all-time high of 31 percent. Are all these C-sections necessary, or are some of them done simply for the sake of convenience? Inductions seem to be the norm, but are they always needed? Today, expectant mothers are often left feeling powerless, as their instincts are replaced by drugs and routine medical procedures. What you are about to discover is that you have a choice, and you have the power to plan the kind of birth that's right for you-whether it is at a birth center, a hospital, or at home. In YOUR BEST BIRTH,

Download Free Free Ebook Of Pregnancy Guide In

internationally known advocates of informed choice Ricki Lake and Abby Epstein inspire women to take back the birth experience, with essential advice on:

- Positive and negative effects of epidurals, Pitocin, and other drugs and interventions
- Inducing vs. allowing your labor to progress naturally
- The truth behind our country's staggering C-section rate
- Assembling your birth team and creating your birth plan.

With chapters such as "Obstetricians: Finding Dr. Right," "Epidurals: You Haven't Got Time for the Pain," and "Electronic Monitors: Reading between the Lines," Lake and Epstein will encourage you to consider whatever your doctor, mother, and best friend may suggest in a new light. The book also includes inspiring birth stories, including those from well-known personalities, such as Laila Ali and Cindy Crawford. Packed with crucial advice from childbirth professionals, and delivered in a down-to-earth, engaging voice, YOUR BEST BIRTH is sure to renew your confidence and put the control back where it belongs: with parents-to-be! "Abby Epstein and Ricki Lake have taken a wonderful and constructive approach to ensuring an optimal birthing experience. Their language creates a 'climate of confidence' for pregnant women and their families, who must make key decisions about where, how and with whom to give birth in a health care system often unresponsive to our needs. This book is like a good friend giving wise counsel." --Judy Norsigian, co-editor of *Our Bodies, Ourselves: Pregnancy and Birth* and Executive Director, *Our Bodies Ourselves*

From "the man who remade motherhood" (Time) comes the definitive guide to having a healthy pregnancy--and a healthy baby. THE HEALTHY

PREGNANCY BOOK guides expectant mothers and fathers through all stages of pregnancy from preconception through birth, focusing on how to enhance the health of mother and baby. In this uniquely authoritative and comprehensive month-by-month guide, the Seares address emotional and physical changes that take place during pregnancy, baby's brain development, healthy pregnancy habits, pregnancy superfoods, optimal weight gain, fitness, managing stress, sleep, choosing the right healthcare provider, birthing choices, the transition into parenthood, engaging personal stories, and more. Overflowing with the most up-to-date information, digestible and doable tips, and advice for every worry--and written in the Seares' trademark reassuring tone that makes their books long-term bestsellers--THE HEALTHY PREGNANCY BOOK is the must-have resource to fit the greater demands of today's savvy parents.

Follow your pregnancy journey every single day with this unrivalled book, now fully updated to reflect the latest changes in medical practice. No other pregnancy book provides this level of detail, allied with extraordinary photographs, 3D scans and illustrations that reveal in unprecedented clarity exactly what is happening to you and your baby every day. The book also covers labour, birth and the first two weeks of your baby's life. Carefully updated with the help of Australian obstetrician, Professor Jonathan Morris, The Day-by-day Pregnancy Book will become your pregnancy bible.

A revised and updated edition of the classic handbook

Download Free Free Ebook Of Pregnancy Guide In

for women seeking a safe, organic, eco-friendly, and natural pregnancy, featuring an integrative-based approach with new medical, herbal, and nutritional information. Over the last two decades, The Natural Pregnancy Book has ushered thousands of women through happy and healthy pregnancies. Addressing women's health from conception to birth, Dr. Romm describes herbs that can promote and maintain a healthy pregnancy, and allays such familiar concerns as anxiety, fatigue, morning sickness, and stretch marks. She also discusses the components of a healthy diet, with an emphasis on natural foods. New to this edition is integrative health advice based on Dr. Romm's new credentials as a Yale-trained physician, combined with her twenty years of experience as a midwife and herbalist.

"Mama Natural's Week to Week Guide to Pregnancy is the modern (and yet ancient) approach to pregnancy and childbirth. "Natural" recognizes that pregnancy and birth are normal, and that having a baby is a wondrous biological process and rite of passage--not a medical condition. This book draws upon the latest research showing how beneficial and life-changing natural birth is for both babies and moms. Full of weekly advice and tips for a healthy pregnancy, Grace details vital nutrition to take, natural remedies for common and troublesome symptoms, as well as the appropriate (and inappropriate) use of interventions. Pregnancy, childbirth, health, health and wellness, parenting, family"--

The practical, comforting, honest, and hilarious bestseller for moms-to-be, with more than one and a

half million copies in print! Your doctor gives you medical advice. Your mother buys you baby clothes. But who can give you the real skinny when you're pregnant? Your girlfriends, of course—at least, the ones who've been through the exhilaration and exhaustion, the agony and ecstasy of pregnancy. Four-time delivery room veteran Vicki Iovine talks to you the way only a best friend can—in the book that will go the whole nine months for every mother-to-be. In this revised and updated edition, get the lowdown on all those little things that are too strange or embarrassing to ask, practical tips, and hilarious takes on everything pregnant. What really happens to your body—from morning sickness and gas to eating everything in sight—and what it's like to go from being a babe to having one. *The Many Moods of Pregnancy*—why you're so irritable/distracted/tired/lightheaded (or at least more than usual). *Staying Stylish*—You may be pregnant, but you can still be the fashionista you've always been (or at least you don't have to look like a walking beachball)—wearing the hippest designers and proudly showing off your bump. *Pregnancy is Down To a Science*—from in vitro fertilization to scheduled c-sections, there are so many options, alternatives, and scientific tests to take that being pregnant can be downright confusing! And much more! For a reassuring voice or just a few good belly laughs, turn to this straight-talking guide on what to really expect when you're expecting.

The second book in the Dr. Spock Take Charge Parenting Guides, crafted by the Dr. Spock Co., *Take Charge of Your Pregnancy* contains all the essential

information on pregnancy and fetal development in one clear, concise volume. Pregnant? Congratulations! Now let an expert guide you through this exciting time. Pregnancy is a time of powerful emotions, dramatic changes, and plenty of questions. Noted obstetrician Marjorie Greenfield, MD, one of the new team of medical experts at The Dr. Spock Company, has written this authoritative book to answer all your questions and help ensure a happy, healthy pregnancy. Dr. Spock's Pregnancy Guide will take you month by month through the thrilling journey to parenthood, with special focus on how to: -Follow the development of your growing baby -Find the right obstetrician or midwife -Deal with common symptoms and problems -Plan the kind of childbirth experience you want -Get good care every step of the way, and more For more than 50 years, Dr. Benjamin Spock was the world's best-known pediatrician. Drawing upon his trusted philosophy of baby and child care, a new generation of experts at The Dr. Spock Company brings today's moms and dads the latest in parenting, child-health, and pregnancy information. Be sure to pick up Dr. Spock's Baby Basics, the first book in the Take Charge Parenting Guides series.

Expert advice for delivering a happy and healthy baby! From boosting your vitamin intake to picking out the perfect crib, it's not always easy to figure out what your growing baby needs--especially if you're new to parenthood. Featuring guidance from top childbirth experts, *The Only Pregnancy Book You'll Ever Need* answers all the questions that come up after you get the big news. From your first trimester to the delivery room, you'll learn all about the

Download Free Free Ebook Of Pregnancy Guide In

different phases of pregnancy and how you can provide your growing baby with everything he needs. This indispensable guide also offers practical advice and parent-tested strategies on: Understanding physical and emotional changes Selecting the right pregnancy diet Understanding prenatal tests and screenings Choosing the best labor and delivery options Budgeting for your new addition to the family Complete with checklists and fill-ins to help keep track of your pregnancy, this one-stop resource includes only the most important information so that you are truly prepared for the months ahead.

Tech investor and new mom Leslie Schrock offers a thoroughly modern guide to pregnancy—from the preparations of “trimester zero” to the challenges of the newborn months. In the last thirty years, the process of starting a family has drastically changed. Not only are there many more options for getting pregnant, but there are a dizzying array of variables from start to finish. Genetic test or no genetic test? Midwife or OB-GYN? Stroller or Baby Bjorn? Yet all this choice can also create anxiety, especially around the most difficult realities. Miscarriages and fertility issues are common, yet often concealed. One in nine mothers report dealing with postpartum depression, but it is rarely acknowledged and even more rarely treated. Celebrities post “snap-back” photos of their slim post-baby bodies, creating unrealistic expectations for women everywhere. We have more information than ever, yet nearly every aspect of motherhood is still shrouded in judgment and mystery . Enter Leslie Schrock, first-time mother whose own struggles opened her eyes to this widespread

Download Free Free Ebook Of Pregnancy Guide In

problem. With the frank, funny warmth of a trusted friend, she delves into everything from in vitro fertilization and prenatal testing to lactation consultants and postpartum birth control. She debunks the most pervasive pregnancy myths, explores the complementary practices, and cites the latest science (with a dash of been-there-done-that experience) to help you make the best decisions every step of the way—for both you and your baby. So tune out all of the noise you don't need, and take control of your pregnancy—present or future.

A fresh, new pregnancy guide—the first complete functional medicine book—offering women and their partners a comprehensive approach to maintain and enhance health and wellness before, during, and after pregnancy. The *Wise Woman's Guide to Your Healthiest Pregnancy and Birth* combines the expertise of top-tier physical therapist Patricia Ladis—who works with superstar athletes, professional dancers, and celebrities—with holistic ob-gyn Dr. Anita Sadaty, a highly regarded ob-gyn with connections to celebrities like J-Lo. Together, they have devised a six-step protocol beginning the six months before conception continuing forty days post-birth and beyond, incorporating holistic principles that encourage optimal wellness for mother, partner, and baby. Whether they are in their 20's, 30's or 40's, this book empowers readers to be in tune with their bodies during all stages of pregnancy, and is the first book by a functional medicine dream-team aligning medical and structural body issues to avoid such potential pregnancy outcomes as osteoporosis, sciatica, pelvic prolapse, structural weakness, and

Download Free Free Ebook Of Pregnancy Guide In

postpartum depression. Each of the six stages organizes Ladis and Sadaty's holistic principles into five easy-to-follow aspects: Body, Movement, Breathing, Nourishment, and Wisdom. They include practical applications such as foods to help reduce internal inflammation, specific exercises—with instructive photos—in each stage, breathing techniques to lower stress, and “pearls of wisdom” backed by science exploring a multicultural history of this special time in a woman's life. For the first time, a pregnancy guide considers the importance of choices you make six months prior to conception, and the effect on genes. When both members of a couple are calm, fit, and well-nourished, the latest science suggests that together they are less likely to pass on negative genes to a child.
