The Great Wall was made as a line of defense to keep the Xiongnu out of China.

Construction of the Great Wall was ordered by Emperor Qin Shi Huangdi, who served for 11 years. This wall may be one of the seven wonders of the world but it resulted in the loss of many lives, tons of money, and the hard work of many laborers.

scientists and educators have struggled to teach this discipline more effectively.

Science Teaching

Reconsidered provides undergraduate science educators with a path to understanding students, accommodating their individual differences, and helping them grasp the methods--and the wonder--of science. What impact does teaching style have? How do I plan a course curriculum? How do I make lectures, classes, and laboratories more effective? How can I tell what students are thinking? Why don't they understand? This handbook provides productive
