First published in 1993, *The Virgin Suicides* announced the arrival of a major new American novelist. In a quiet suburb of Detroit, the five Lisbon sisters—beautiful, eccentric, and obsessively watched by the neighborhood boys—commit suicide one by one over the course of a single year. As the boys observe them from afar, transfixed, they piece together the mystery of the family's fatal melancholy, in this hypnotic and unforgettable novel of adolescent love, disquiet, and death. Jeffrey Eugenides evokes the emotions of youth with haunting sensitivity and dark humor and creates a coming-of-age story unlike any of our time. Adapted into a critically acclaimed film by Sofia Coppola, *The Virgin Suicides* is a modern

The Years of Alienation in Italy offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.
