INCOME TAX FUNDAMENTALS has led the market for more than twenty years with concise, practical, and current coverage of individual income tax preparation. Whittenburg and Altus-Buller's text/workbook format presents material in easy-to-digest sections with self-checks, online quizzes and activities, multiple examples, and review problems. Income Tax Fundamentals is the perfect text for a hands-on approach to tax in many class settings, including four-year colleges, community colleges, or career schools. This text is revised annually to reflect the current tax law. Tax Preparation software is included. The purpose of the Whittenburg text is to teach the most important and practical areas of the tax law to students, using a building block approach, with feedback at the end of each section. By the end of the text, the student should be able to prepare a fairly difficult return containing many of the elements seen frequently by taxpayers and tax preparers.

The book describes the difficulties of the current international corporate income tax system. It starts by describing its origins and how changes, such as the development of multinational enterprises and digitalization have created fundamental problems, not foreseen at its inception. These include tax competition—as governments try to attract tax bases through low tax rates or incentives, and profit shifting, as companies avoid tax by reporting profits in jurisdictions with lower

Acces PDF Income Tax Fundamentals Solutions Chapter 1

tax rates. The book then discusses solutions, including both evolutionary changes to the current system and fundamental reform options. It covers both reform efforts already under way, for example under the Inclusive Framework at the OECD, and potential radical reform ideas developed by academics.

Learn the complexities of the U.S. income tax code and master the most important areas of tax law with Whittenburg/Gill's concise, practical INCOME TAX FUNDAMENTALS 2019.
