As a result, wins and losses are compounded much more quickly than in stock trading-and, in the case of wins, often more profitably. The ability to gain leverage with very little on margin gives you, the trader, the ability to earn more off smaller swings. And enough home runs could allow you to become your own boss, work from home in your bathrobe, or even work from your cell phone while lying on the beach. So far, so good. But what does it take to win? In *Day Trade Futures Online*, award-winning veteran futures trader Larry Williams gives a no-holds-barred view of the risks and rewards of this increasingly accessible arena. This is one of the best practical books ever written on trading by a veteran trader. Buy it."-John Hill, President, Futures Truth Co. "Larry possesses an incredible talent to differentiate between what is important in life as well as in the markets. In his book, he shares insights into market behavior and short-term price dynamics that are useful to beginning and experienced traders alike. wherever his spirit moved him and bucked state constraints whenever he found them stifling. Throughout his life, his rebellious spirit served him well - huge successes in trading, to adventures right out of a Graham Greene novel in Saudi Arabia, two boisterous runs for the U.S. Senate, a famous actress daughter entangled with an even more famous actor, a new grandchild - the life well lived that would be the envy of most people. Along the way, Larry became a tax protester in the spirit of John Cheek and Irwin Schiff. However, Larry was far too free a spirit to give up his freedom for his beliefs, and figured that he was smarter than the zealot tax protesters now making license plates, particularly after meeting a man with an actual and real document from the IRS acknowledging the legitimacy of a

certain kind of trust. But things are not always what they seem. Annoying letters from the IRS called for hiring an attorney to "work things out," which he thought (based on the bills he was paying) was in the works. Enjoying a pleasant flight in first class from South Africa to Australia, Larry, at the age of 64 with a new granddaughter and 5 children settled in successful lives of their own, reflected that life was pretty sweet. Then his plane landed in Australia and he was summarily arrested and jailed and taken to prison. There began a nearly 4 year fight for his freedom at a huge financial cost; worse was the toll it took on his psyche. This is the story of Larry's war with the IRS and U.S. Dept. of Treasury and inside view of the world of tax protesters. Larry explains why the tax protest movement exists,

where it is dead wrong and why it will most often lead followers to prison. He also weighs in on what can be done to correct the unfairness of the tax codes, and why tax rates are so astronomical, that the 'fair share' idea should be applied to what is the 'fair share' of your income the government is 'entitled' to.
