Madeleine Westerhout, the former "gatekeeper" of the Trump White House, writes about her relationship with the president, and tells the story of the terrible mistake that led to her losing her job. From the first day President Trump stepped into the White House, Madeleine Westerhout was by his side, first as his executive assistant, then as the Director of Oval Office Operations. From her desk outside the Oval, she saw everyone who came in to see the president. She placed his phone calls, and was in the room for several historic moments. During her time working with President Trump at the White House, Camp David, Mar a Lago, and Bedminster, she grew to love her job and admire the president. Then, in an unguarded moment during a dinner with reporters, she made a terrible mistake. In Off the Record, Westerhout tells the full story of this dinner for the first time, revealing the circumstances that led to her fateful mistake. She also writes about her relationship with President Trump -- all the lessons she learned working with him, and why she believes he is a much different man than the one the media portrays every day. Westerhout describes President Trump as a kind and generous boss who continues to be a great leader for our country.

A feminist, an outspoken activist, a woman without a college education, Midge Costanza was one of the unlikeliest of White House insiders. Yet in 1977 she became the first female Assistant to the President for Public Liaison under Jimmy Carter, emerging as a prominent focal point of the American culture wars. Tasked with bringing the views of special interest groups to the president, Costanza championed progressive causes even as Americans grew increasingly divided on the very issues for which she fought. In A Feminist in the White House, Doreen Mattingly draws on Costanza's personal papers to shed light on the life of this fascinating and controversial woman. Mattingly chronicles Costanza's dramatic rise and fall as a public figure, from her initial popularity to her ultimate clashes with Carter and his aides. While Costanza challenged Carter to support abortion rights, gay and lesbian rights, and feminist policies, Carter faced increased pressure to appease the interests of emerging Religious Right, which directly opposed Costanza's ideals. Ultimately, marginalized both within the White House and by her fellow feminists, Costanza was pressured to resign in 1978. Through the lens of Constanza's story, readers catch a unique perspective of the rise of debates which have defined the feminist movement and sexual politics to this very day. Mattingly also reveals a wider, but heretofore neglected, narrative of the complex era of gender politics in the late 1970's Washington - a history which continues to resonate in politics today. A Feminist in the White House is a must-read for anyone with an interest in sexual politics, female politicians, and presidential history.
