International bestseller: Murder becomes a high tech game of cat and mouse in this "thinking man’s thriller" from the master of Nordic noir (The New York Times Book Murder). Ystad, Sweden. A man stops at an ATM during his evening walk and inexplicably falls to the ground dead. Two teenage girls brutally murder a taxi driver. They are quickly apprehended, shocking local policemen with their complete lack of remorse. A few days later a blackout cuts power to a large swath of the country. When a serviceman arrives at the malfunctioning power substation, he makes a grisly discovery. Inspector Kurt Wallander senses these events must be linked, but he has to figure out how and why. The search for answers eventually leads him dangerously close to a group of anarchic terrorists who hide in the shadows of cyberspace. Somehow, these criminals always seem to know the police department’s next move. How can a small group of detectives unravel a plot designed to wreak havoc on a worldwide scale? And will they solve the riddle before it’s too late? A riveting police procedural about our increasing vulnerability in the modern digitized world, Firewall "proves once again that spending time with a glum police inspector in chilly Sweden can be quite thrilling. . . . A notable success" (Publishers Weekly).

From the #1 international-bestselling master of Scandinavian noir: a "marvelously told mystery" of murder in Sweden and corruption in Africa (Austin American-Statesman). In an African convent, four nuns and an unidentified fifth woman are found with their throats slit. The local police do little to investigate. . . . and cover up the unknown woman’s death. A year later in Sweden, Holger Eriksson, a retired car dealer and birdwatcher, is skewered to death after falling into a pit of carefully sharpened bamboo poles. Soon after, the body of a missing florist is discovered strangled and tied to a tree. Baffled and appalled by the crimes, the only clues Inspector Kurt Wallander has to go on are a skull, a diary, and a photo of three men. What ensues is a complex, meticulously plotted investigation that will push the detective to his limits. The key is the unsolved killing of the fifth woman in Africa—who was she, and what did she have to do with the brutal deaths of two seemingly innocent men? Are more victims in danger? The answers will lead Wallander to question everything he thought he knew about the psychology of murder. An international bestseller, this "scary and cunning tale" (Rocky Mountain News) "achieves the satisfying density of plot and characterization" that established Henning Mankell as one of the twentieth-century’s finest crime writers. His Kurt Wallander mysteries are now the basis for the hit TV show Wallander starring Kenneth Branagh (The Baltimore Sun).

A demented killer is on the warpath and only Wallander can stop him: "Mankell at his best. . . . If you haven’t bought Sidetracked, do so ASAP" (Los Angeles Times Book Review). Inspector Kurt Wallander’s long-anticipated vacation plans are interrupted by two horrific deaths: the self-immolation of an unidentified young woman and the brutal murder of the former minister of justice. As the police struggle to piece together the few clues they have, the killer strikes again and again. What connection is there between a retired minister of justice, a successful art dealer, and a common petty thief? Why does the killer scalp his victims? And could there be some connection between the young woman’s suicide and the murders? Sidetracked, winner of the Best Crime Novel of the Year in Sweden, is an outstanding entry in the series that inspired the BBC program Wallander starring Kenneth Branagh. Mankell, called "the King of Crime" by The Economist, infuses police procedural with a searing critique of contemporary society, from the disintegration of the family and the exploitation of women to corruption and scandal at the highest levels of government. "Connoisseurs of the police procedural will tear into this installment like the seven-course banquet it is" (Kirkus Reviews).

International bestseller: Kurt Wallander and his daughter join forces to hunt for a ritual killer in this "gripping, beautifully orchestrated" mystery (New York Times Book Review). Linda Wallander is bored. Having just graduated from the police academy, she’s waiting to start work with the Ystad police and move into her own apartment. In the meantime, she’s staying with her father and, like fathers and daughters everywhere, they are driving each other crazy. Nor will they be able to escape each other when she moves out. Her father is Inspector Kurt Wallander, a veteran of the Ystad police force, and the two of them are about to find themselves working a case that couldn’t be closer to home. Linda’s childhood friend Anna has disappeared. As the investigation proceeds, she makes a few rookie mistakes that are both understandable and life-threatening. But as the case her father is working on dovetails with her own, something far more dangerous, and chillingly calculated, begins to emerge. A "powerful" and "thoroughly engaging" thriller from "a master storyteller," Before the Frost introduces an unforgettable new heroine to the acclaimed series that is the basis for the BBC television show starring Kenneth Branagh (San Francisco Chronicle).

The tenth riveting installment in the mystery thriller series that inspired the Netflix crime drama Young Wallander. "As satisfying for its emotional depth as its suspense. . . . A gripping mystery." —PEOPLE Magazine A retired navy officer has vanished in a forest near Stockholm. Kurt Wallander is prepared to stay out of the relatively straightforward investigation—which is, after all, another detective’s responsibility—but the missing man is his daughter’s father-in-law. With his typical disregard for rules and regulations, Wallander is soon pursuing his own brand of dogged detective work on someone else’s case. His methods are often questionable, but the results are not: he finds an extremely complex situation which may involve the secret police and ties back to Cold War espionage. Adding to Wallander’s concerns are more personal troubles. Having turned sixty, and having long neglected his health, he’s become convinced that his memory is failing. As he must come to grips not only with the facts at hand, but also with his own troubling situation.

The #1 international-bestselling tale of greed, violence, and corporate power from the master of Scandinavian noir: "One of his best" (The Times, London). After killing a man in the line of duty, Inspector Kurt Wallander finds himself deep in a personal and professional crisis; during more than a year of sick leave, he turns to drink and vice to quiet his lingering demons. Once he pulls himself together, he vows to quit the Ystad police force for good—just before a friend who had asked Wallander to look into the death of his father winds up dead himself, shot three times. Far from leaving police work behind, Wallander instead must investigate a formidable suspect: a powerful business tycoon at the helm of a multinational company engaged in extralegal activities. Ann-Britt Höglund, the department’s first female detective, proves to be Wallander’s best ally as he tries to pierce the smiling façade of the suspicious mogul. But just as he comes close to uncovering the truth, Wallander finds his own life being threatened. In this "exquisitely plotted" thriller, Henning Mankell’s mastery of the modern police procedural—which has earned him legions of fans worldwide and inspired the BBC show Wallander starring Kenneth Branagh—is on vivid display (Publishers Weekly). "This is crime fiction of the highest order." —Publishers Weekly, starred review "Compelling. . . . Skillfully plotted and suspenseful. . . . A thriller for the thinking reader." —The Dallas Morning News "Mankell’s novels are a joy." —USA Today "Absorbing. . . . In the masterly manner of P.D. James, Mankell projects his hero’s brooding thoughts onto nature itself." —The New York Times "Wallander is a loveable gumshoe. . . . He is one of the most credible creations in contemporary crime fiction." —The Guardian

When a life raft carrying the bodies of two Eastern European criminals washes up on the Swedish coastline, Inspector Kurt Wallander travels to Riga, Latvia, where he struggles against corruption and deceit and risks his own life to uncover the truth.

Some cases aren’t as cold as you’d think Kurt Wallander’s life looks like it has taken a turn for the better when his offer on a new house is accepted, only for him to uncover something unexpected in the garden – the skeleton of a middle-aged woman. As police officers comb the property, Wallander attempts to get his new life back on course by finding the woman’s killer with the aid of his daughter, Linda. But when another discovery is made in the garden, Wallander is forced to delve further back into the area’s past. A treat for fans and new readers alike, this is a never before published Kurt Wallander novella
