Amazon.com: Philosophy of Law: A Very Short Introduction ...

The philosophy of law is one of the few fields of philosophy that have remained legitimate in the sense that practical questions and contemplations are not eschewed. Too often philosophical debate wanders into conceptual hallways that could best be described as mazes, but one cannot get to their centers even with keeping one hand on the wall.

Philosophy of Law: A Very Short Introduction eBook by ...

Philosophy of law. Lecturer in Jurisprudence, Sydney Law School, University of Sydney. Philosophy of law, also called jurisprudence, branch of philosophy that investigates the nature of law, especially in its relation to human values, attitudes, practices, and political communities. Traditionally, philosophy of law proceeds by articulating and defending propositions about law that are general and abstract—i.e., that are true not of a specific legal system at a particular time (e.g., the ...

contemporary debates about the fundamental nature of law—an issue that has been at the heart of legal philosophy for centuries. What the law is seems to be a matter of fact, but this fact has normative significance: it tells people what they ought to do. Marmor argues that the myriad questions raised by the factual and normative features of law actually depend on the possibility of reduction—whether the legal domain can be explained in terms of something else, more foundational in nature. In addition to exploring the major issues in contemporary legal thought, *Philosophy of Law* provides a critical analysis of the people and ideas that have dominated the field in past centuries. It will be essential reading for anyone curious about the nature of law.

Bookmark File PDF Philosophy Of Law A Very

This anthology of classical and contemporary philosophical and legal essays and legal cases focuses on legal philosophy as its own subject--rather than as an outgrowth of social or political philosophy or applied ethics. The essays focus on how law is organized and the particular philosophical issues that law raises-- and gives readers the opportunity to think through actual debates—many of them still live in the courts. Provides short introductions and thought-provoking questions for each selection. The Practice of Law. The Rule of Law. The Moral Force of Law. Elements of Legal Reasoning. Natural Law and Legal Positivism: Classical Perspectives. Formalism and Legal Realism. The Contemporary Debate: Hart v. Dworkin. Law and Economics. Critical Legal Theory and Feminist Jurisprudence. Punishment: Theory and Practice.

The Philosophy of Law is a broad-reaching text that guides readers through the basic analytical and normative issues in the field, highlighting key historical and contemporary thinkers and offering a unified treatment of the various issues in the philosophy of law. Enlivened with numerous, everyday examples to illustrate various concepts of law. Employs the idea of three central commonplaces about law - that law is a social matter, that law is

Bookmark File PDF Philosophy Of Law A Very

authoritative, and that law is for the common good - to organize seemingly disparate topics and to bring rival views into contention with each other. The first volume in the Fundamentals of Philosophy series, in which leading philosophers explore the fundamental issues and core problems in the major sub-disciplines of philosophy.

"Among books of similar scope, this is the recognized classic. Those who read this book will have the strange privilege of thinking things together in the law from the beginning of world history to the moment Pound sent his writings to the printer."--American Bar Association Journal.

This advanced introduction to central questions in legal philosophy attempts to breathe new life into stalled research.
