Cornerstones approach gets them through the fundamentals **FASTER** so that they can transition to analyzing and applying concepts. **Understanding Relationships:** Rather than focusing on concepts in isolation, students should understand accounting as a system and recognize how the end result changes based on how the numbers affect each other.

CORNERSTONES aids students in this step as an important part in training them to be good decision makers. **Making Decisions:** Armed with the knowledge they have gained from working through the other aspects of the Cornerstones approach, students are now given the tools to bring their knowledge full-circle and practice making good business decisions. Students love this approach because it presents materials the way they learn. Instructors love it because it gets students to master the foundations more quickly
