In his 1977 book, Stalking the Wild Pendulum: On the Mechanics of Consciousness, he wrote that "consciousness permeates everything." He was a very inventive person, but also a person who was not the type you would normally think would be an inventor. He was a very spiritual person, he did meditation, he was a very soft-spoken person.

Introduced in *The Monkey's Raincoat*, L.A. private eye Elvis Cole has a smart mouth, a flair for martial arts, a passion for truth, and a borderline sociopath for a partner. When a ruthless hotel magnate hires Cole to find a priceless Japanese manuscript, Cole heads into a nest of notorious Yakuza in the heart of L.A.'s Little Tokyo.

Many people have heard of the extraordinary phenomenon of kundalini awakening, and over the years, a growing number of men and women have had firsthand encounters. In some cases, the experience involves very disturbing physical and psychological effects. This volume, which has sold 50,000 copies, documents numerous case studies to demystify the process & reassure those who sometimes fear for their own sanity.

The average person spends nearly 25 years of their life sleeping. But you can get a lot more from sleeping than just a healthy night's rest. With the art of lucid dreaming—or becoming fully conscious in the dream state—you can find creative inspirations, promote emotional healing, gain rich insights into your waking reality, and much more. Now, with *Lucid Dreaming: A Concise Guide to Awakening in Your Dreams and in Your Life*, Stephen LaBerge invites you on a guided journey to learn to use conscious dreaming in your life. Distilled from his more than 20 years of pioneering research at Stanford University and the Lucidity Institute—including many new and updated techniques and discoveries—here is the most effective and easy-to-learn tool available for you to begin your own fascinating nightly exploration into Lucid Dreaming. Guided dream practices on CD (or download) include: Two trance inductions into the lucid-dream state Two daytime exercises designed to trigger lucid dreams at night LaBerge's breakthrough MILD technique for increasing lucid-dream probability fivefold or more A Tibetan-yoga dream practice

Have you ever tried to wrap your head around quantum physics? Have you ever tried to comprehend concepts of time and space that have been popularized by the promoters of the "new physics" and various eastern teachers? If you have, chances are either that your eyes glazed over or you felt as if your head might explode at any moment. Here for the first time, the concepts that have been propounded by the great thinkers and teachers of the twentieth century are made accessible in an illustrated guide. More importantly, this material is presented in a way that is non-threatening and fun. Using simple and delightful illustrations throughout, *Favour*, explores: The paradigm shift that has occurred, whether we are ready or not. How quantum physics and the new technology has challenged our experience of time and space. How the spiritual thought of East and West have melded. The relationship of self to oneness, of form to emptiness.
