The term "holy grail" is often used to denote an elusive object or goal that is sought after for its great significance. Parts one and two of Lancelot cover Lancelot s boyhood and his admission to Arthur s court, where he falls immediately in love with Guenevere. The adventures and quests which follow, including his friendship with the tragic Galehaut, take us to the point where he becomes a companion of the Round Table. --Book Jacket.

Composed in Old French between about 1220 and 1240, the Lancelot-Grail Cycle is a group of five prose romances centered on the love affair between Lancelot and Guenevere. It consists of an immense central core, the Lancelot Proper, introduced by The History of the Holy Grail and The Story of Merlin and concluded by The Quest for the Holy Grail and The Death of Arthur. This volume brings together thirteen essays by noted scholars from the first symposium ever devoted exclusively to the Lancelot-Grail Cycle. Exploring the cycle's evolution across the literatures of medieval France, Italy, Spain, Catalonia, and England, the authors take a variety of approaches that highlight a broad range of cultural, social, historical, and political concerns and offer a comparative and interdisciplinary vision of this great romance.

The Holy Grail: it conjures images of a rich and fantastic world full of magnificent adventures and perilous quests by gallant knights. It whispers of strange mysteries and fabled conspiracies staged by Templars, Cathars, Nazis, and innumerable secret societies. Was it the Cup used by Christ at the Last Supper, or something else? Is there any truth to the wonders and marvels bards and poets associated with it? After years of being co-opted by pop culture and New Agers, what significance can this fairy tale still hold for Catholics? Ah, but this is no fairy tale! As A Catholic Quest for the Holy Grail shows, not only does the Grail exist, its whereabouts are known today! Charles Coulombe examines the fabled vessel's literary and historical connections, but he offers far more than a stuffy old cup. Rather, he shows how the Holy Grail is the key to an entire genre of glorious relics and miraculous phenomena that extend from the time of Christ to the present day. A Catholic Quest for the Holy Grail uncovers the Grail's intrinsic connections to Catholic Monarchy and Chivalry, to the Precious Blood of Christ, the Sacred and Immaculate Hearts devotions, and to the Kingship of Christ and Queenship of Mary, as well as its ties to the Passion of Our Lord and the Blessed Sacrament. Indeed, the Holy Grail is not a myth, but a living reality, a key to a new understanding of the world in which we all live. As far in time and space as the Crucifixion at Golgotha and Medieval deeds of knightly valor, and as close as the next Mass you attend, the Holy Grail is there, a real myth. The Grail is proof that when J.R.R. Tolkien asks: "Do we walk in legends or on the green earth in the daylight?" it can truly be answered: "A man may do both ... The green earth, say you? That is a mighty matter of legend, though you tread it under the light of day!" In these pages, discover the reality of the legend of the Holy Grail!

A Hessian language scholar and a Nazi guru who wielded immense influence within the Hitler regime, Rahn persuaded Hitler that the Grail was the Sacred Book of the Aryans. But who was he? In fact anyone who has watched the Indiana Jones films has seen Otto Rahn in action! The story lines of those movies mirror Rahns incredible adventures in the South of France in the early 1930s. The story persists that Rahn found the runic Grail tablets in the Pyrenean grottoes and they were, like the Ark of the Covenant in Raiders, crated up and shipped to Berlin Himmler (Toht in Raiders) was actually Rahn's superior The Austrian mountain Schloss in Last Crusade equals the Nazis concealment of the excavated Languedoc treasures in the Schlegelss Glacier These fabulous artifacts, unearthed as a result of Rahns phenomenal scholastic detective work in decoding the hidden messages within the medieval Grail masterwork Parsifal, were believed to include the Grail Cup, the Spear of Destiny, the Tablets of Moses, the Ark of the Covenant, the Sword and Harp of David, the Sacred Candelabra and the Golden Urn of Manna. But as this well-researched book demonstrates, far from being an SS adept, Otto Rahn was a key defender of freedom in a time of chaos and cruelty, a modern day Argonaut who sought the Golden Fleece in order to rekindle the dimming Light of humanity.

The second part of Rosemary Sutcliff's retelling of the Arthurian legend, which began with The Sword and the Circle. The Knights of the Round Table undertake their greatest exploit, the quest for the Holy Grail, which is a turning point in the lives of Sir Lancelot and his son Galahad.
