When it comes to supernatural intrigue, nobody does it better than New York Times bestselling author Simon R. Green. Eddie Drood, at your service. For generations my family has been keeping humanity safe from the wicked, the nasty, and the generally not-nice inhuman predators who feed on people's fear and misery. No one kicks evil arse better than us Droods—especially yours truly. In fact, my arse-kicking skills have come to the attention of the legendary Alexander King, Independent Agent extraordinaire, who spent a lifetime doing anything and everything—for the right price. Now he's on his deathbed, looking to bestow all of his priceless secrets to a worthy successor. To decide, King challenges six competitors—myself included—to solve five mysteries all around the world, figuring that along the way we'll backstab one another until only one remains. But I've got to win at all costs, because King holds the most important secret of all to the Droods: the identity of the traitor in our midst.

The legendary Independent Agent is dying. . . . so who will inherit his hoard of secret information and fabulous secrets? For most of the last century, he was the greatest spy in the world, but now The Independent Agent is retiring, he has decided on one last great game - the six greatest spies in the world today must work together - and compete against each other - to solve the six greatest mysteries in the world. Whoever wins the game will also win The Agent's priceless treasure-trove of information. Eddie Drood, aka Shaman Bond, has been invited to join the great game, and of course he can't say no, especially when he learns what the mysteries are - everything from the Tunguska Incident to the Philadelphia Experiment, to whatever the hell it was really happened at Roswell. But that means he needs to survive working alongside old friends and old enemies . . . especially when the spies start dying, one by one. . . . And one of them is going to haunt him . . . for the rest of his life. THE SPY WHO HAUNTED ME is the third of the Secret Histories: a riveting roller-coaster ride through the dark side.

Eddie Drood is determined to be the recipient of the priceless deathbed secrets of Independent Agent extraordinaire, Alexander King, but must first win a contest to solve all the world's greatest mysteries.

New York Times bestselling author Simon Green introduces a new kind of hero, one who fights the good fight against some very old foes in the first novel in the Secret Histories series. The name's Bond. Shaman Bond. Actually, that's just his cover. His real name is Eddie Drood, but when your job includes a license to kick supernatural arse on a regular basis, you find your laughs where you can. For centuries, his family has been the secret guardian of Humanity, all that stands between all of you and all of the really nasty things that go bump in the night. As a Drood field agent he wore the golden torc, he killed monsters, and he protected the world. He loved his job. Right up to the point where his own family declared him rogue for no reason. Now, the only people who can help Eddie prove his innocence are the people he used to consider his enemies...

In the sequel to The Man with the Golden Torc, Eddie Drood is forced to take on some nasty demons from another dimension, who arrived in this world at the behest of the Drood family to help battle the Nazis during World War II and who have decided that they have no intention of leaving.

Eddie Drood, a shaman field agent responsible for protecting mankind, discovers that his entire family has been banished to an alternate dimension.

I'm Eddie Drood. AKA Shaman Bond, a member of the Drood family. We Droods have been holding back the forces of darkness for generations. It's a hell of a job—and we're good at it... But now, the Droods have hit a bad patch, what with the death of our Matriarch and the discovery that she was killed by one of our own. It's left us in more than a bit of disarray, and it goes without saying that those forces of darkness are taking advantage of the situation. There's a Satanic Conspiracy brewing—one that could throw humanity directly into the clutches of the Biggest of the Big Bads, forever. Things are looking grim—and here I am, not able to be of any help. On account of I'm dead...

Ride shotgun with a "James Bond – of-the-supernatural " as the Secret Histories Novels take you careening through an alternate London where around every corner a new kind of danger awaits... My name is Eddie Drood, aka Shaman Bond, the very secret agent. And I am a dead man walking. I've been poisoned by Dr. DOA. There is no cure, no treatment, no chance of a last-minute miracle. So all that is left to me and my love, Molly Metcalf, is to track down my killer and stop him before he can murder anyone else. So whether that means fighting a secret army on another world; or searching for a forgotten weapon in the Museum of Unattached Oddities; or facing off against Grendel Rex, the Unforgiven God, in the hidden heart of the Moon, for the terrible secret that is Moonbreaker...I will do whatever it takes, while I still can. Because the game isn't over till I say it's over—and I still have one last card to play. *SFRRevu

From the New York Times bestselling author of From a Drood to a Kill comes the next Secret Histories adventure... The name is Drood, Eddie Drood, also known as Shaman Bond. My family has been safeguarding humanity for generations, facing the hidden horrors of the world so you can sleep at night and remain oblivious to the existence of the monstrous nightmares that walk and stalk among us. Speaking of predatory night terrors, there is a man who gets away with murder. A man who specializes in removing the problems from other people's lives, by killing the people who cause those problems. He operates from the darkest shadows of the hidden world, coming and going unseen. No-one knows who he is, just his nomme du muerte. Dr. DOA. Somehow, this demented doc poisoned me. I don't know how he did it, when or where, but whatever is coursing through my veins seems to be immune to magic cures and treatments. But that's not going to stop me from finding him and whoever hired him and give them both a taste of their own medicine...
