Roger Deakin~~

Beautifully written, this an emotional and descriptive book, nominally about swimming, but more accurately an autobiographical account of Roger Deakin's journeys around the UK. Deakin is described by Wikipedia as "a writer, documentary-maker and environmentalist".

maker and keen swimmer, embarked on a journey through Britain, swimming in rivers, lakes, outdoor pools and the sea. The book he wrote about it, *Waterlog*, has become a classic of the nature-writing genre.

Waterlog by Roger Deakin - Goodreads

Roger Deakin's travelogue of Britain's pools, rivers, estuaries, tarns, caves, coves and canals is a work of passion borne of the utmost intimacy of swimming, its lore and its natural history. He crosses the country experiencing our waters, sometimes transcendental, sometimes palliative, and

Access Free Waterlog Roger Deakin

sometimes invigorating, and their hazards, pollution and pike, to name but two.

Waterlog by Roger Deakin - AbeBooks

I came to Roger Deakin's "Waterlog" with high hopes, having loved watery places and swimming since I was small and having heard about his fine writing. I am not disappointed. This is a beautifully written and passionate book written in the form of a diary and it describes Deakin's explorations of rivers, pools, lidos, tarns and, of course, the sea.

Deakin, famed British nature writer and icon of the environmentalist movement. In Deakin's glorious meditation on wood, the "fifth element" -- as it exists in nature, in our culture, and in our souls -- the reader accompanies Deakin through the woods of Britain, Europe, Kazakhstan, and Australia in search of what lies behind man's profound and enduring connection with trees. Deakin lives in forest shacks, goes "coppicing" in Suffolk, swims beneath the walnut trees of the Haut-Languedoc, and hunts bushplums with Aboriginal women in the outback. Along the way, he ferrets out the mysteries of woods,

Access Free Waterlog Roger Deakin

detailing the life stories of the timber beams composing his Elizabethan house and searching for the origin of the apple. As the world's forests are whittled away, Deakin's sparkling prose evokes woodlands anarchic with life, rendering each tree as an individual, living being. At once a traveler's tale and a splendid work of natural history, *Wildwood* reveals, amid the world's marvelous diversity, that which is universal in human experience.

The British journalist explores self-healing in wild waters across the UK—from Yorkshire

Access Free Waterlog Roger Deakin

to Jura and Wales—in this “genuine and refreshing nature memoir” (Kirkus Reviews). Following the example of naturalist Roger Deakin in his classic memoir *Waterlog*, journalist Joe Minihane becomes obsessed with wild swimming and its restorative qualities. Putting one arm over the other, sometimes resting on his back, he begins to confront his personal demons while rekindling old friendships and forging new ones. Through Minihane’s thoughtful description, the act of swimming becomes both strange and beautiful as the wild water puts him in touch with nature and himself. From Hampstead to

Access Free Waterlog Roger Deakin

Yorkshire, from Dorset to Jura, from the Isles of Scilly to Wales, Floating is a love letter to different wild stretches of water. But it also captures Minihane's struggle to understand his life and move forward. Steeped in the anti-authoritarian and naturalistic spirit of Roger Deakin, Minihane celebrates the joy of taking time out to feel better.

Is there anything quite so exhilarating as swimming in wild water? This is a joyful swimming tour of Britain, a frog's-eye view of the country's best bathing holes - the rivers, rock pools, lakes, ponds, lochs and

Access Free Waterlog Roger Deakin

sea that define a watery island. Charming, funny, inspiring, an assertion of the native swimmer's right to roam, a celebration of the magic of water - this book will indeed make you want to strip off and leap in. Selected from the book Waterlog by Roger Deakin

Henrietta Lacks An immersive, unforgettable, and eye-opening perspective on swimming—and on human behavior itself. We swim in freezing Arctic waters and piranha-infested rivers to test our limits. We swim for pleasure, for exercise, for healing. But humans, unlike other animals that are drawn to water, are not natural-born swimmers. We must be taught. Our evolutionary ancestors learned for survival; now, in the twenty-first century, swimming is one of the most popular activities in the world. Why We Swim is propelled by stories of Olympic champions, a Baghdad swim club that meets in Saddam
