Words in the Dust by Trent Reedy opens this way: . I traced the letters in the dust with my finger, spelling out my name: Zulaikha. It is the story of a thirteen-year-old Afghan girl, Zulaikha.

Zulaikha hopes. She hopes for peace, now that the Taliban have been driven from Afghanistan; a good relationship with her hard stepmother; and one day even to go to school, or to have her cleft palate fixed. Zulaikha knows all will be provided for her--"Inshallah," God willing. Then she meets Meena, who offers to teach her the Afghan poetry she taught her late mother. And the Americans come to her village, promising not just new opportunities and dangers, but surgery to fix her face. These changes could mean a whole new life for Zulaikha--but can she dare to hope they'll come true?

Hoping for a better life after the Taliban are driven from her Afghanistan home, Zulaikha dreams of getting along better with her difficult stepmother and having her cleft palate fixed before encountering intimidating changes in the form of a poetry teacher and American visitors.

Danny Wright never thought he'd be the man to bring down the United States of America. In fact, he enlisted in the Idaho National Guard because he wanted to serve his country the way his father did. When the Guard is called up on the governor's orders to police a protest in Boise, it seems like a routine crowd-control mission ... but then Danny's gun misfires, spooking the other soldiers and the already fractious crowd, and by the time the smoke clears, twelve people are dead. The president wants the soldiers arrested. The governor swears to protect them. And as tensions build on both sides, the conflict slowly escalates toward the unthinkable: a second American civil war. With political questions that are popular in American culture yet rare in YA fiction, and a provocative plot that asks what happens when the states are no longer united, *Divided We Fall* is Trent Reedy's very timely YA debut.

After Rogan Webber levels up yet again on his favorite video game, *Laser Viper*, the world-famous creator of the game invites him to join the five best players in the country for an exclusive tournament. The gamers are flown to the tech mogul's headquarters, where they stay in luxury dorms and test out cutting edge virtual-reality gaming equipment, doing digital battle as powerful fighting robots. It's the ultimate gaming experience. But as the contest continues, the missions become harder, losing gamers are eliminated, and the remaining contestants face the growing suspicion that the game may not be what it seems. Why do the soldiers and robots they fight in *Laser Viper* act so weird? What's behind the strange game glitches? And why does the game feel so...real? Rogan and his gamer rivals must come together, summoning the collective power of their Gamer Army to discover the truth and make things right...in a dangerous world where video games have invaded reality.

Mike was seven when his father was killed in mysterious circumstances in Afghanistan. Eight years later, the family still hasn't recovered: Mike's mom is overworked and overprotective; his younger sister Mary feels no connection to the father she barely remembers; and in his quest to be "the man of the family," Mike knows he's missing out on everyday high school life. Then, out of the blue, Mike receives a letter from his father -- the first of a series Dad wrote in Afghanistan, just in case he didn't come home, meant to share some wisdom with his son on the eve of Mike's 16th birthday. As the letters come in, Mike revels in spending time with his dad again, and takes his encouragement to try new things -- to go out for the football team, and ask out the beautiful Isma. But who's been keeping the letters all these years? And how did Dad actually die? As the answers to these mysteries are revealed, Mike and his family find a way to heal and move forward at last.

At the end of *Divided We Fall*, Danny Wright's beloved Idaho had been invaded by the federal government,

their electricity shut off, their rights suspended. Danny goes into hiding with his friends in order to remain free. But after the state declares itself a Republic, Idaho rises to fight in a second American Civil War, and Danny is right in the center of the action, running guerrilla missions with his fellow soldiers to break the Federal occupation. Yet what at first seems like a straightforward battle against governmental repression quickly grows more complicated, as more states secede, more people die, and Danny discovers the true nature of some of his new allies. Chilling, powerful, and all too plausible, *Burning Nation* further establishes Trent Reedy as a provocative new voice in YA fiction.

On September 11, 2001, the lives of two boys on opposite sides of the world are changed in an instant. Baheer, a studious Afghan teen, sees his family's life turned upside down when they lose their livelihood as war rocks the country. A world away, Joe, a young American army private, has to put aside his dreams of becoming a journalist when he's shipped out to Afghanistan. When Joe's unit arrives in Baheer's town, Baheer is wary of the Americans, but sees an opportunity: Not only can he practice his English with the soldiers, his family can make money delivering their supplies. At first, Joe doesn't trust Baheer, or any of the locals, but Baheer keeps showing up. As Joe and Baheer get to know each other, to see each other as individuals, they realize they have a lot more in common than they ever could have realized. But can they get past the deep differences in their lives and beliefs to become true friends and allies? *Enduring Freedom* is a moving and enlightening novel about how ignorance can tear us apart and how education and understanding can bring us back together.

This propulsive adventure takes readers on a first hunt in the American wilderness—and face to face with the choice to kill or not to kill. Twelve-year-old Hunter Higgins has been dreaming about his first hunting trip for as long as he can remember. He's taken the classes, earned his license, and become one of the best marksmen in his family. Now he's old enough to join his father, grandfather, and uncle at their cabin for the first weekend of hunting season. There's only one problem: Hunter isn't sure he can kill an animal. To make things more complicated, when they arrive at the cabin, his cousin Yumi is there with her friend Annette, who Hunter secretly has a crush on. Anxious about the hunt and the humiliation of possibly failing, Hunter grapples with what it means to have the power of life and death in his hands, and must decide what role he wishes to play in his relationship to nature and to wildlife.
