Publisher Description. The purpose of this Study Guide is to assist pilots in preparing for their ERJ 170 training events. Although this manual was written as an ERJ 170 study guide, we have tried to incorporate matters related to the ERJ175/190/195. The idea was to filter out the important information from the Embraer 170 Pilots Operations Manual, to include only the subject matter that will most likely be asked during your oral examination.

The Embraer ERJ145 Aircraft Systems Course explores all the major aircraft systems, including all the components, operations, controls, and indications involved with each system. Embedded actions and features add to both the interactivity and the educational value of this ERJ145 type rating training course, which walks you step-by-step through all the systems and associated operations, providing far more visual explanation than a typical aircraft manual.
