In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain

Kwanjangnim Original is not so much a book on Haedong Gumdo. It focuses of the experience the author has in practicing this discipline. It did not meet my expectation in that it only contains text on the authors experience and no visual or written material on Haedong Gumdo techniques.
