The Physiology Coloring Book - 2nd Edition By Wynn Kapit ...

Nice book with a cool concept. Its not like a typical anatomy or physiology coloring book that your probably thinking about. This is an intro level text book. However, rather than the typical text reference to a picture, this book is written with instructions for the student to color the diagrams themselves to reinforce the learning.

remembering how much we appreciated him sending his book of "The Physiology Coloring Book" to us at Tabriz University of Medical Sciences in Iran to translate it to Persian. Seeing eahc other in the congress of Iranian society of physiology and pharmacology in Hamedan was quite pleased. I was always congratulating him on our eids.
